A Glimpse of the Palace of Peace, Just Dedicated

From an Architectural Standpoint It Has Aroused Adverse Criticism, but It Is a Superb Structure, the Interior Being Especially Beautiful.

It is quite probable that nearly everybody who has seen the interior of the building which was dedicated and opened to the public today in the presence of the Emperor and many other distinguished guests, is in the section of the Palace where the subject of this article is to be found. The Hall of Peace is a vast and almost incomprehensible area of space. It is a hall of peace, and the feeling of peace and tranquillity is almost overpowering. It is a place where one can think of nothing else but the beauty of the building and the splendor of the occasion. The Hall of Peace is a wonderful example of what can be done by the human hand when it is bent on a noble task.

The Hall of Peace is a vast and imposing structure, with a height of over 100 feet and a width of over 200 feet. It is a place where one can think of nothing else but the beauty of the building and the splendor of the occasion. The Hall of Peace is a wonderful example of what can be done by the human hand when it is bent on a noble task.
