Thank you, Becky, for the response. On the liens, that's why we ask questions - to be sure we get the correct information. And since you use the word "slander," let me advise you that printed falsity is libel. Given some of your public comments about me, I recommend you become familiar with the term and its legal implications.

Les,

We have been very busy trying to get our living arrangements settled. When Michael has more time, he'll contact you because he has questions for you too.

As far as items 10 and 11 on your list of questions, those tax liens are not for Michael Emry formerly of Boise, Idaho. You are advised that you would be slandering Michael to even hint that either one of them, the Nebraska tax lien or the Iowa tax lien have anything to do with Michael Emry, Founder of TVOI News, most recently, from Idaho.

Hello, Mr. Emry

I've not had any response to a request for an interview so I thought I'd send along a few questions. I sure hope you have a moment or two to provide information.

1. Why did you create The Voice of Grant County?
2. What do you want to accomplish with that site?
3. How did you happen to select Grant County for this effort?
4. Will you continue your The Voice of Idaho work?
5. Did anyone in particular in Grant County encourage you to bring your efforts to the county?
6. You have spoken with Tad Houpt about these matters, I understand. Was his interest key to your decision to move here?
7. In Harney County, you reported yourself as an "embedded" reporter. Can you describe how that worked?
8. According to your wife, Becky Hudson, you both intend to move to Grant County to live in a travel trailer. Is this accurate?
If so, when do you anticipate making this move?
9. Has Sheriff Glenn Palmer encouraged you to make such a move or have you not informed him of your potential move?
10. What comment would you like to offer on the attached document from Iowa?
11. What comment would you like to offer concerning a federal tax lien for \$303,000 still in place in Nebraska?

I look forward to your responses.
